

EDUCreations

1. Mark which iPad you are using by recording the number on the back of the iPad (iPad # _____)
2. Go to the SAFARI app on the bottom of the iPad and type PICS4LEARNING
3. When in Pics 4 Learning search for pictures that you need and tap until it's bigger
4. Tap and hold on the image you like for two seconds until SAVE IMAGE and save it
5. Repeat until you have ALL the images you need.

When recording is FINISHED
Pens to write with
T is for type
Picture is to get photos uploaded
Undo and Redo
X removes all the ink or the whole page
REC begins recording or pauses it

6. Press T to make a title page. Include your name, teacher's name and animal
7. Press the picture icon to upload your photos (pinch or slide to adjust size), press REC when you are ready to talk
8. Tap the color pens to write or accentuate you point with the pictures
9. Tap PAUSE when you are completed with a page and set up the next page
10. Repeat until you are done, then click DONE
11. SAVE and title it Teacher/Animal/First Name Last Initial (EX: Zabasky/PolarBear/KarenL)
12. Click PUBLIC, Science and Basic Science, then SAVE again

TIPS:

Keep an eye on the timer up by the REC button – it tells you the total time you have recorded

If you make a mistake, keep going or pause, you cannot rerecord otherwise you have to start over.

Use the drawing tool to show your audience what you are talking about
